The Clinical Biotechnology Centre is located on the University of Bristol Veterinary School campus. Please report to the reception in the Churchill Building when you arrive.

BY ROAD:

From the M5 motorway Leave at Junction 21, take the A370 signposted to Bristol. Turn right at the first set of traffic lights in Congresbury, and follow the B3133 signposted to Cheddar and Churchill. The entrance to Langford House is about 3 miles on the left. This is easier than attempting to travel through Bristol to Lower Langford unless you already know the route as the signposts are confusing. Visitors travelling from the south-west can leave the M5 at Junction 22 to join the A38 northbound. Langford House is about 1 mile after the traffic lights at Churchill (where the A38 crosses the A368). About 1/2 mile after the Churchill traffic lights, turn left before the Esso Garage (Budgens). After turning just before the Garage, turn left again at the mini-roundabout onto the B3133. The entrance to Langford House is about 200 metres on the right.

Bus and coach services operate from the Bus and Coach Station, Marlborough Street, Bristol. It is a very limited local service between Bristol and Lower Langford and the journey takes about 1 hour. However, there are frequent busses from Bristol to Congresbury (about 3 miles from Lower Langford).

BY RAIL:

The nearest railway station is Yatton (about 4 miles from Lower Langford). The remainder of the journey is by taxi. (Tel 01934 835119). A few intercity services stop at Yatton, but it is usually necessary to change at Bristol Temple Meads to connect with the local service. There is no local service from Bristol Parkway. Travellers from the south-west may have to change at Weston-Super-Mare or Taunton for Yatton.

BY AIR:

There are national and international flights to Bristol International Airport, which is about 5 miles from Lower Langford. The remainder of the journey is by taxi (Tel 01275 474812). From London Heathrow there are connecting coach services to Bristol Bus Station, or to Reading where there is a connecting rail service to Bristol.
